FOR IMMEDIATE RELEASE

### **C3.2 SERIES GETS A MAKEOVER**

8/25/11, Lambertville, NJ — **NOVUS X-RAY LLC** The C3.2 series x-ray machine was redesigned to provide better hygiene and greater ease of cleaning.

With no tools, the conveyors disassemble and reassemble with surprising ease.

The touch screen interface has been integrated into the chassis and has been tested to IP69K high pressure wash down standards.

Also, crash guards have been added to protect the controls.

The overall result is the new C3.3, a more rugged, reliable and easier to clean machine.
